

Continuation of Substance of Interview including description of the general nature of what was discussed: Applicant agrees to incorporate into the independent claims the feature of both the text size and orientation of the first mode viewed by the a viewer at at distance being different from the text size and orientaion in the second mode which is viewed by the person wearing the display. Such combined features would overcome Lightman and newly cited reference to Thomas. An examiner's amendment will be made to put the case in the condition for allowance..
